Dear parent/ carer,

Easter Revision Sessions to Support GCSE Exam Preparation

As we approach the GCSE exam season, we understand how important it is for students to feel fully prepared. To help support Year 11 students in their revision and ensure they have the best possible chance of success, we are pleased to offer a series of Easter revision sessions across a range of subjects. Teachers have volunteered to run these sessions to provide an additional opportunity for students to consolidate their learning, clarify any areas of confusion, and refine their exam technique ahead of the forthcoming GCSE exams.

The sessions will be led by our experienced teachers and will cover key topics in each subject, offering targeted support for the final stretch of revision. We strongly encourage all Year 11 students to take advantage of these sessions if they are able, as they will be an invaluable resource during this crucial time.

Session Details

Please see the table below for the full schedule of revision sessions. Each session has been carefully planned to ensure that students can get the most out of their time during the Easter break.

Tuesday 8 th April	3D Design (9.00am – 3.00pm) German (9.00am – 12.00pm) Sports Science (12.30pm – 3.30pm)

Sign-Up Information

To ensure we can accommodate all students and organise the sessions effectively, we ask that students sign up in advance. Please visit the following link to register for the revision sessions your child will be attending: <https://forms.office.com/e/Rz65iedssS>

If your child is unable to attend the sessions due to prior commitments or other reasons, please encourage them to make use of other revision resources, including revision guides, past papers, and online resources such as Seneca and GCSEPod.

We hope your child will take advantage of these valuable sessions, as we are committed to providing all the support necessary to help them perform to the best of their abilities during their exams. If you have any questions, please do not hesitate to contact the subject teachers directly.
Thank you for your continued support.

Yours sincerely,

A. Staniforth.
