

23<sup>rd</sup> May 2025

Dear Parents/Carers,

We are pleased to share that over 60% of our Year 10 students have now secured a work experience placement. This is a fantastic milestone, and we are currently working hard behind the scenes to process all the necessary employer documentation to ensure that each placement meets the required standards before final sign-off.

It has been wonderful to see how positively students are engaging with the process. Their enthusiasm and motivation to experience the world of work first-hand have been truly impressive, and we are proud of the maturity they are showing in taking this important step.

For those students who have not yet secured a placement, please rest assured that we are continuing to work closely with them to find suitable opportunities. Our aim is to give every student the chance to take part, and we remain committed to supporting them through this process.

We would like to invite you to a **Work Experience Information Evening** on **Wednesday 18th June 2025, from 5:00pm to 6:00pm** in the school hall. This session will cover key aspects of the programme, including:

- How we ensure student safety during placements
- What to do if you have any concerns
- Expectations regarding attendance and conduct
- How we support both students and families throughout the placement.

We strongly encourage as many parents and carers as possible to attend, as this is an important opportunity to ensure everyone is well-informed and confident about the upcoming placements in order to give our students the best chance of success.

In the meantime, if you have any questions or need further information, please don't hesitate to contact us. Your continued support is invaluable, and we are very grateful for the positive way you have engaged with this process so far.

Thank you once again.

Warm regards,

Miss F Agoudjil, Head of Year 10  
Mr S Pryke, Assistant Principal
