

ICENI Academy

Uniform Expectations

Why do we have a uniform?

At ICENI Academy, we wish to maintain the highest of standards for our students, including those referring to clothing and appearance. Uniform is seen as being important for many reasons. These include:

- to promote a sense of belonging to the academy and our community
- to reduce the otherwise very noticeable differences owing to the parents' financial situation
- to reduce parental expenditure when compared with the cost of frequent replacement of items of fashion clothing
- to help the school establish its place in the community
- to simplify and reduce the teachers' task in assessing and correcting what is acceptable.

Parental support in implementing the uniform/appearance expectations is vital.

We are sure that you will support us in insisting on the highest standards of smartness, cleanliness and pride in personal appearance for your child. We expect our students to attend the academy wearing the correct dress, detailed in this booklet, and we reserve the right to withdraw students from circulation such as at break and lunchtime or place them in isolation until their appearance is acceptable.

If there is an emergency or problem with an item of uniform, we would ask you to send a note of explanation.

All items of uniform are available from Birds of Dereham:

<https://www.birdsofdereham.com/shop/category/schools-iceni-academy-155/> and can be found under the parent tab – 'Uniform and Equipment'.

Other suppliers are available for items such as trousers and shirts, however please read Appendix 1 to ensure these comply with our uniform expectations.

The academy uniform must be worn correctly at all times. All clothing should be clean, smart and marked with the student's name.

This policy should be read in conjunction with the 'Buying with confidence' section, from page 11 which gives greater clarity and detail for parents wishing to have peace of mind when purchasing non-school-issued items.

You will also find within this document support for students with sensory needs.

Jewellery

Students with pierced ears may wear one small plain stud in each ear and if needed a clear nose retainer; facial or body-piercing is not permitted for reasons of safety.

The academy is not an appropriate place to wear an excessive amount of jewellery. Therefore no rings, bracelets, chains, tongue studs or body piercings are permitted.

Health & Safety requirements mean no jewellery may be worn in technology or P.E. lessons. The academy cannot accept responsibility for items of value lost under any circumstances.

The following items are permitted, but must (for health and safety reasons) be removed during P.E. lessons and all other practical lessons. The following may be worn:

- a watch (smart watches not permitted)
- a medical bracelet or necklace (chain and small pendant) can be worn, but not seen.
- a small stud earring in each ear (no hooped or drop earrings)

Should a student decide to have a piercing this must be done at the beginning of academy holidays as they will be required to take these out for practical subjects such as PE. With new piercings, holes may heal up within this time, and we would not want students to miss out on learning or parents/ carers to lose money. Clear retainers are not permitted as an alternative.

Make-up and Hair Fashions

Extreme hair fashions, such as shapes or letters cut into the hair are not permitted. Dyed unnatural colours and totally shaved heads are strictly forbidden. This includes eyebrows.

Headwear may be worn for cultural or religious reasons. It should cover the hair only and never the face. It should not extend beyond shoulder length and must not cover the school logo or tie.

All hair adornments (including clips, slides, 'scrunchies', Alice/hairbands) must be discreet and not overtly patterned or jeweled and in school colours (Navy, black, red, grey or green) if worn.

Facial hair must be trimmed short and smart at all times.

Make-up should be natural looking. No false nails or eye lashes. Only clear nail varnish is permitted and the length should not have a impact on the students' school life and should be cut to a sensible length.

Other required equipment

Students are required to bring the following equipment with them every day:

- Student planner
- 2x black pens
- Ruler
- Pencil
- Rubber
- Phone pouch – please see our phone policy for more information on this.
- Bottle for water (no other drinks are permitted in class)

KS4 are also required to have a scientific calculator.

Procedures for non-compliance

At the beginning of the school day students will complete a morning standards check during line up. Within this time students' uniform will also be checked. If a student attends Icen Academy with incorrect uniform, then the following actions will be taken:

- If a student is wearing incorrect uniform, (for example trousers, shirt, shoes) then, as soon as possible, parents/ carers will be contacted to notify them and ask to bring in the correct items of uniform. If this cannot be done, or whilst waiting to contact parents/ carers, student will be required to wear loaned uniform or be removed from circulation for the day.
- If there is an emergency, such as school shoes have broken the day before or trousers have split, then students must attain a note in the planner from their parents/ carers to explain the circumstance for which the student is not wearing the correct uniform. Where possible students will be given uniform to borrow and this must be worn by the student. Refusal to wear this will result in the student being isolated. All uniform is cleaned between loans.
- If this is not possible then a student will be given a uniform pass. In both circumstances, replacement or correct items of clothing must be purchased within

48 hours. If you have any financial difficulties or this presents a problem you must speak with the Head of Year whom will liaise with the Assistant Principal to help rectify this issue where possible.

In some situations, students may be asked to go home to rectify the issues. In this case our best efforts will be made to inform the parent/ carer beforehand. Government guidance states that a Principal or others acting on their behalf may ask a student to go home to rectify the breach of school rules on appearance. The student will be expected back into school as soon as possible in the correct uniform.

In the case of unnatural make-up, students will be asked to completely remove it, or remove it to a 'natural' look. Refusal to do so will result in a student being isolated or having their social time taken away from them, including immediately after school.

In the case of jewellery, if a student is found to have jewellery that is not permitted then they will be asked to remove it and it will be confiscated. The academy take no liability for loss or damage to any items that have been confiscated. Confiscated items will be returned to the student at the end of the academy day.

Should a student breach this rule on multiple occasions then items will be confiscated and parents/ carers may be asked to come into school and collect the items from reception.

Should uniform infringements continue to occur then students may be placed into isolation for a period of time. They may also receive other behavioural sanctions in line with the school behaviour policy. Parents/ carers may be required to come into school to discuss any continued issues and students may be placed on a uniform report.

Appendix 1: Buying with confidence

Shops selling items of uniform such as trousers and skirts often label their goods as 'school uniform' or 'school wear'. However, please be aware that sometimes the style and/or fit of the products labelled in this way do not always meet our expectations.

We will require items of uniform that do not match the styles of skirt or trousers shown on our supplier's website and outlined in our uniform policy, to be exchanged or replaced.

To be certain that the items bought are appropriate, please refer to our uniform expectations and the supplier's website before shopping. Below is further guidance on the most common purchase that often have to be changed or do not meet our uniform standards to help you buy with confidence.

Uniform Trousers

- For year 9-11 with black blazer: Plain black, formal straight fit style trousers. When purchased, these should display a sharp crease front and rear and enough play in the material at the thigh and ankle to allow the trousers to hang correctly. The waistband must include belt-loops and a standard hook and eye or button closure. Available from the school website.
- Year 7&8: Plain grey, formal, straight fit style trousers. When purchased these should display a sharp crease front and rear and enough play in the material at the thigh and ankle to allow the trousers to hang correctly. The waistband must include belt-loops and a standard hook and eye or button closure. Available from the school website.
- Please note: If trousers are elasticated or stretch fit material and are tightly fitted, then they are not appropriate for school; they should not be skin hugging. Fashion style trousers such as denim jeans, jean style trousers, narrow fitted trousers with a heavily tapered leg, or flairs are not acceptable. Additional pockets or zips are not permitted. External pockets on the rear of trousers will be considered jean-style and not permitted to be worn.
- Year 7&8 grey, tailored shorts are also permitted, however these must be tailored with no sewn on pockets, no logos and be straight fitted.
- Year 9-11 (if wearing a black blazer): black tailored shorts are also permitted, however these must be tailored with no sewn on pockets, no logos and be straight fitted.

Shirts

- A plain white traditional long or short-sleeved shirt with standard collar and white buttons. Shirts must be buttoned to the neck and always tucked into trousers or skirts. Available from the school website. Epaulettes (or other non-formal attachments), fitted shirts, blouse style shirts, t-shirts or sports shirts are not acceptable. Linen and other types of fabric that are non-cotton or cotton-blend are not permitted.

Skirts

- Year 9-11 (academic year 2025-2026) - Skirts must be black pleated and touch the knee in length. No other skirts will be permitted. Please note that all students wearing a skirt will be expected to purchase the new skirt as of September 2026.

Appendix 2: Frequently asked questions

What happens if I cannot send my child into the academy with correct uniform despite making every attempt to do so?

If for any reason an item of uniform is damaged and cannot be worn, a note from a parent/carer must be written and shown to the Form Tutor or year team. Where possible we will lend uniform. If the item has not been replaced within 48 hours the students may be removed from general circulation. Students are also expected to wear loan items (blazers, ties, shoes) if requested. Any parent experiencing severe financial hardship should contact their child's year team.

* Exceptions to the 48-hour rule include easily avoidable issues such as forgetting shoes or leaving them at a friend's house, excessive make-up or not being able to find items of uniform through disorganisation. In such instances, a student would be given alternatives to wear (when available) or removed from circulation.

My child has a medical condition that makes wearing uniform hard (shoes).

Following work with the NHS Podiatry team we are able to send further guidance on appropriate footwear and buying support that still meets the uniform expectations of formal style shoes. If you feel that the medical need is different to those of the Podiatry team please let us know so we can work with you. In the very rare incidents of trainers being permitted, these must be plain black with no logos. Wherever possible, we would seek alternatives that allow for the student to feel as comfortable as possible whilst not standing out significantly from peers and meeting our expectations.

Why don't you allow certain hairstyles or fashion items in school?

We would like to cultivate an atmosphere where individuality and depth of character are expressed through academic and social creativity rather than appearance. Although allowing children to follow trends might seem harmless, it can have negative consequences for those children who cannot afford the latest fashion items or whose parents maintain stricter control over appearance. Many parents do not wish to send their children into an environment where the latest superficial and costly trends are permitted. The associated pressure to copy these can be a source of unnecessary anxiety, conflict with peers and family and, sadly, bullying. We also believe strongly that the tradition of uniform cultivates a stronger feeling of community, togetherness and high standards.

The presentation of the students also reflects the reputation and standing of the school in the wider community. It is a parent's right to choose the school their child attends. At Iceni Academy we are clear that the menu on offer is one of high standards of dress, conduct and learning. A student who deliberately lowers standards has a detrimental impact not only on themselves, but also every other student.

Appearance doesn't affect learning. Why are you doing this?

We disagree with this statement. Dressing formally is part of a learning process in readiness for adult life which is why we also have a dress code for staff. Regardless of which career or pathway our students chose, they will benefit from understanding that formal environments require a different standard of dress than informal environments. School is a formal environment. Our collective experience of working in many different schools and over many years, as well as years of research, has demonstrated that poor academic outcomes generally go hand in hand with a wider culture of low expectations, poor uniform and poor conduct.

What will happen if my child refuses to follow the academy expectations?

We will contact you so that you can put in place the required support from home. In the academy, choosing not to follow our simple guidelines regarding uniform will result in the student being placed in isolation until this is corrected. Year Teams will decide upon further action if the matter cannot be rectified in the short term. You will be informed of the concern and of the action being taken.

Should there be continued refusal to meet our expectations, further sanctions will be put in place.

My child cannot wear school shoes as they have an injury.

Upon medical evidence being issued to the year team the student will be given a uniform pass. This will be reviewed weekly unless a timeframe is stated within the medical letter. Students must wear their school shoes if they do not have a medical note. School shoes are often the most supportive footwear and will not affect a child who has a minor injury.

Appendix 4: Sensory uniform

As a school, we recognise that some students have sensory needs which may make standard uniform items uncomfortable or difficult to wear. We are committed to working in partnership with students and their families to ensure that these needs are understood and appropriately supported. At the same time, we maintain high expectations for uniform, as this prepares students for the standards and routines of the wider world beyond school. To support students with sensory needs, we have undertaken careful research to identify suitable uniform options that meet both comfort requirements and our school's expectations. Where adjustments are necessary, we ensure that alternative items are consistent with the overall appearance of our uniform, so that students feel included and are not made to feel different from their peers. Below are links to suppliers and products specifically designed for students with sensory needs, which align with our uniform standards.
