Year 11 is an important year, and this session is designed to help you understand what the year ahead will look like and how we can work together to support students to achieve their very best. We will share key dates and expectations, look at the importance of attendance, effort and attitude, and explain some of the routines and habits we are encouraging students to develop as they begin Year 11. This will build on work students have already completed with their tutors about starting the year strongly and making positive commitments for the months ahead.

This is the first in a series of sessions for Year 11 families. Later in the year, we will provide more detailed guidance around preparing for assessments and effective revision strategies with some in-person events. We hope you will be able to join us on Thursday and look forward to seeing you online.

Yours faithfully,

Miss A Staniforth

Vice Principal
